RE: General Court Martial
Lt. David Wiseman Smallwood

Request for Disapproval of the General Court Martial
Sentence by the Convening Authority

Dear Commander Boorman:

Please be advised that the above-titled firm represents
Lt. David Wiseman Smallwood at his request for review by the
Convening Authority.

Lt. Smallwood requests that his sentence be lessened or
in the alternative be disapproved entirely.

In support of the above request, Lt. Smallwood respectfully
requests that the Convening Authority reconsider defense exhibits
A-N, a copy of which are attached. He also would request that
the direct testimony of Richard Middleton and Michael Ralph
Tafariello be considered.

Lt. Smallwood has had an impeccable record until these
charges.

The Convening Authority itself recognized Lt. Smallwood's
remorse and for the above reasons he again respectfully requests
his sentence be lessened to a fine and/or forfeiture of pay and
allowance and full reinstatement in the Navy.

Thanking you for your time and consideration.

Respectfully submitted,
